

Dear Tony,

We would like to thank you for all you have done for us over the years we have known you. From the very first time we brought a car to you we felt that at last we had found a mechanic who we could trust. The many years since have proved that we were right.

Thank-you for not making us feel awkward when we don't understand car mechanics, and for taking the time and trouble to explain things to us as well as following up each service or repair with a phone call.

Your business has built up considerably over the time we have known you and this is a credit to you - to your hard work, your caring attitude and your honesty.

We like to think of you as our friend, not just "the mechanic".

With love from,  
Maggie and Mark,
